Turbulence to Tranquility – Dunwich

Richard Symes

Love affairs. Life and death. Fortunes made and lost.

Richard Symes has been researching the fascinating story of Dunwich Heath.

Over the last 300 years the heath has been dug up, cut down, shot over, burnt and maybe even invaded.

Smugglers, shipwrecks, submarines, poets, artists and military men. It may surprise you, but it all happened here.

Please join us to hear Richard's fascinating talk and feel free to bring along a friend.

Refreshments included.
