Gardening Excitement!
Woottens of Wenhaston come to Snape

An evening with Woottens Nursery focusing on the drought tolerant Pelargonium genus. A slideshow presentation which includes a brief history and the Geranium / Pelargonium debate. Learn how to propagate, care for and successfully overwinter this wonderful species. Gardening on sandy soils in a changing climate will be discussed. The evening will feature an extended question time so bring all of your gardening queries.

The evening will include a **PLANT SALE !**

Refreshments and Raffle
